The new Sixth Edition of Anton's Calculus is a contemporary text that incorporates the best features of calculus reform, yet preserves the main structure of an established, traditional calculus text. This book is intended for those who want to move slowly into the reform movement.

**Calculus : A New Horizon, Brief Edition 6th edition ...**

I learned calculus from its inventor when I was in college, which was about the only time I was happy doing math. Anton's college textbook forces the reader to grind through example problems and proofs, with occasional sidebars on using your graphing calculator and modern applications of calculus. It's grunt work, devoid of context.
