Feminist scholarship on war Given so many men's low interest level, most political science studies of gender roles in war come from a feminist perspective and most are written by women. In the International Studies Association, women scholars are seven times more likely than men to belong to the gender studies section, and this disparity is greater at the leadership level, even though the ...

Chloramine is a less effective disinfectant than chlorine. The World Health Organization (WHO, PDF 145 KB) says that "monochloramine is about 2,000 and 100,000 times less effective than free chlorine for the inactivation of E. Coli and rotaviruses, respectively."; Chloramine does not dissipate easily compared to chlorine. Chloramine stays in the water distribution system longer than chlorine.

Chloramine Facts - Citizens Concerned About Chloramine (CCAC)

It was several days later when the girls called him over, the boy gasped as he saw how they were dressed, they had decided to go roller skating and wore body clinging lycra skating dresses that hid little from view, as Kirsty stood in front of him fixing his collar he tried to ignore her cleavage and the mounds her nipples made in the thin material, the pretty 16 year old blonde had big tits ...
