About the Book. David W. Ball of Cleveland State University brings his new survey of general chemistry text, Introductory Chemistry, to the market with a fresh theme that will be sure to hold student interest: "Chemistry is Everywhere."Introductory Chemistry is intended for a one-semester introductory or preparatory chemistry course. Throughout the chapters, David presents two features that ...

A great way to build stronger communities is to start with the young. Getting younger people involved in shared projects can lead to the establishment of community organisations. Sporting and arts groups are a great example of this. There are plenty of drama clubs and groups in regional areas around Australia.

I previously shared thoughts on how to recognize and work with Drivers and Pioneers. In this third installment I'll address how to know when you're working with an Integrator, and what to do about it. Because of course, doing something about it is really the point of Business Chemistry. Spotting an Integrator Integrator motto: Consensus...

Gideon Emmet Moore (1842–1895) was Editor of the second volume of JACS.. As we discover in his obituary, "Depth, care, thoroughness, and method characterized his work....He at one time wrote much and all of it was valuable; in the early days making many contributions to mineral chemistry: Brushite, Cryptocallite and Hetaerolite being additions made by him to the list of new species."
