The objective of the paper is the reason given for writing the paper. By stating your objective, you're telling the reader exactly what you're hoping to demonstrate, and exactly what they can hope to learn -- or be convinced of. The objective of a paper is often called a thesis statement, and it needs to be right up ...

**How to Write Objectives in Papers | Education - Seattle PI**

A topic is designed to provide the reader with the main idea and focus of your paper. Chemistry papers are comprehensive and require a great deal of effort on your part. The first thing that will make or break your assignment is the topic you select. The key to having interesting chemistry topics is to make sure they are well defined and clear.
