Managers are usually making plenty of decisions, some of them being operational and others strategic. Making decisions is a matter of a huge responsibility not only against the organization itself, but against their employees and other stakeholders, as well.

The Quality of Decision Making Process Related to ...

An economic system (also economic order) is a system of production, resource allocation and distribution of goods and services within a society or a given geographic area. It includes the combination of the various institutions, agencies, entities, decision-making processes and patterns of consumption that comprise the economic structure of a given community.

Economic system - Wikipedia

Macroeconomics (from the Greek prefix makro-meaning "large" + economics) is a branch of economics dealing with the performance, structure, behavior, and decision-making of an economy as a whole. This includes regional, national, and global economies. Macroeconomists study aggregated indicators such as GDP, unemployment rates, national income, price indices, and the interrelations among the ...

Macroeconomics - Wikipedia

Assessment 2 Business Research Proposal - Individual Assignment (1500 to 2000 words) For this assessment, students are expected to present a written research proposal that is based on the literature review (Assessment 1) and demonstrates their understanding of business research/research paradigm.
