One simple definition of management accounting is the provision of financial and non-financial decision-making information to managers. According to the Institute of Management Accountants (IMA): "Management accounting is a profession that involves partnering in management decision making, devising planning and performance management systems, and providing expertise in financial reporting and ...

Management accounting - Wikipedia

In everyday parlance, the term situation awareness, means the up-to-the-minute cognizance or awareness required to move about, operate equipment, or maintain a system. The term has received considerable attention in the military community for the last decade because of its recognized linkage to effective combat decision making in the tactical environment.

7 Situation Awareness - The National Academies Press

Financial Reporting Model Reexamination In September 2018, the GASB issued a Preliminary Views in its Financial Reporting Model project. The Board has also proposed new concepts for developing standards on recognition in financial statements.
