### Camera Resolution On Ipad

The iPad has consistently been the best of the best in the world of tablets. Each new release seems to set a new threshold, with the latest iPad Pro rivaling the power of most laptops. But while it is easy to choose an iPad, it is not so easy to narrow that choice down to a specific iPad. The iPad lineup is now broken into the Pro level of tablets to go along with the basic iPad models.

### iPad Comparison Chart: Compare All Models of the iPad

Although the megapixel race has been going on since digital cameras had been invented, the last few years in particular have seen a huge increase in resolution – we have seen everything from 41 megapixel camera phones to now 50.6 megapixel full-frame DSLR cameras. It seems like we have already reached the theoretical maximum for handling noise at high ISOs with the current generation sensor ...
