AUS-e-TUTE is a science education website providing notes, quizzes, tests, exams, games, drills, worksheets, and syllabus study guides for high school science students and teachers.

AUS-e-TUTE for astute science students

4 8 16 In the first call to the function, we only define the argument a, which is a mandatory, positional argument. In the second call, we define a and n, in the order they are defined in the function. Finally, in the third call, we define a as a positional argument, and n as a keyword argument.. If all of the arguments are optional, we can even call the function with no arguments.
