Choices Of Fate 1 S

Destiny, sometimes referred to as fate (from Latin fatum – destiny), is a predetermined course of events. It may be conceived as a predetermined future, whether in general or of an individual.

Destiny - Wikipedia

Gameplay. Fate/stay night 's gameplay requires little interaction from the player as most of the game's duration is spent on reading the text that appears, representing either dialogue between the characters or the inner thoughts of the protagonist. Often, players will come to a "decision point" where they are given the chance to choose from options displayed on the screen, typically two to ...
