Unemployment or joblessness is a situation in which able-bodied people who are looking for a job cannot find a job.. The causes of unemployment are heavily debated. Classical economics, new classical economics, and the Austrian School of economics argued that market mechanisms are reliable means of resolving unemployment. These theories argue against interventions imposed on the labor market ...

Outsourcing is an agreement in which one company hires another company to be responsible for a planned or existing activity that is or could be done internally, and sometimes involves transferring employees and assets from one firm to another.. The term outsourcing, which came from the phrase outside resourcing, originated no later than 1981. The concept, which The Economist says "made its ...
